

To Be Angry Is Easy

Son,

I understand your distress in seeing the murderous evil of the Israeli beast presented to the American church in such an open display, mirrored against the horror of that same American church, precious fellow saints whom we know and love, who are so caught in darkness that they have thrown out the truth of the gospel and have given their unquestioning support to that same anti-Christ.

I understand the need in a young man's heart to do something about it, to speak against the darkness that sits upon those with whom you worship.

Let me give you some perspective so that you can understand what, exactly, is happening, and the issues that are at stake right now upon the earth.

First, remember the words of Armand Assante in the movie *Odysseus*. Some may find it strange that God could speak to us through such a scene. I do not.

“To be angry is easy. But to be angry at the right time, at the right man, for the right reason, is difficult.”

Second, remember the counsel of Sun Tzu. Jesus said that the children of this world are wiser than the children of the kingdom, and so we find it to be so in this hour.

(I paraphrase Sun Tzu.) To win, you must know what battle is the most important, the one battle that will determine all further outcomes. Focus on that one battle. The enemy will try to sap your strength by getting you to jump here and there fighting lesser battles for meaningless positions. Do not be tempted, but stay hidden and nurture your strength. Then, when that one final battle upon which everything depends presents itself, hit with all your strength and you must win.

God is proving His Word on two levels. He is proving Christ in the heavens and He is proving Christ upon this earth. And He is doing so in both arenas through us. We are vessels, yes. But some people forget that we are also born again. We are more than human; we are now the word God speaks.

But in neither arena do we use any material weapons of this world. Yet to fight effectively, we must understand reality as God has formed it upon this earth.

And we must understand Biblically the final showdown upon this planet.

Ignorance covers the earth and gross darkness sits upon our fellow believers. God has ordained it to be so. Yet He does not leave us in darkness, if we are willing to hold to the truth as He speaks it in the Covenant we have signed with Him.

The gospel makes this claim. **The cross of Jesus Christ has crucified the old man, born of Adam. And thus all of the promise and all of the inheritance belongs to Christ alone, and to those children of the promise who are born anew in Christ. The Jew is dead; the Gentile is dead. The new man, Christ, is the only man God knows.**

The natural Jew upon this earth makes the claim that the inheritance belongs to him as a natural descendant of Jacob and that he has the right to seize hold of that inheritance by

violence. This claim is open defiance against the Lord Jesus Christ; it is the pin-point of focus of all the accusation of Satan against the word God speaks.

Jesus gave us the motivation of the natural Jew. **“Come, let us kill Him, that the inheritance may be ours.”** The church, rejecting the gospel of Jesus Christ and rejecting the testimony of the Lord Himself, has allied itself with the accusation of the serpent against the claims of Christ. Our fellow believers, washed in the blood, rejoicing in the grace of God, are the second pillar of the victory of anti-Christ upon this earth. Exactly as the Spirit of God tells us, they are defeated by the Beast.

And here is the thing that we must know. God is removing the veil and revealing evil as it really is. The nation and government of Israel will continue to manifest evil more and more blatantly, and the American church will continue to support that evil, until it finally dawns on them that the evil they are supporting is so great and so perverse that they can no longer call the claims of natural Israel anything but evil. When that happens, all of their theology will be shattered, and they will have nothing left besides the horrible realization that they have played the harlot - except for the mercy of God.

I had an extraordinary experience this last Sunday. Bishop T.D. Jakes ministered at Lakewood, the first time I have sat under his ministry. During the praise service, I was much lifted up into the anointing, rejoicing in the goodness of God, along with my fellow believers. Then, without even noticing what they were doing, the entire church, some 15,000 people, turned from Christ and spread her legs to honor and exalt the Beast in this world in the form of that insidious and evil lie that says we enjoy our freedom in “America” because we kill people. That the offering of blood sacrifice to Satan by the militaries and governments of this world is actually God’s gift to us.

She is an adulterer. Yet among her are those who are precious to our Savoir. While my fellow believers were committing adultery with the world, I continued in the grace of God, believing with all confidence of joy that God would cover my children from the darkness of that evil by the blood of the Lord Jesus Christ. Then, the church turned back to Christ, and I continued on in the grace of God and heard the Lord Jesus Christ speak mightily to me in deep and personal ways through the ministry of Bishop T.D. Jakes as if nothing untoward had just happened.

God is incomprehensible. How can He continue to pour out His blessing and anointing upon a church who plays the harlot with this world, especially in the critical hour in which we live? We cannot imagine that He would, and yet He does. Do not ever think that the blood does not cover sin. At the same time, I am contemplating an article titled “Fooled by Grace.” It is possible to continue enjoying God’s blessing while missing Him entirely. God alone knows where the plumb line is in any situation or in any congregation of people. It’s not something we worry about.

Now, the United States is the pinnacle of the tower of Babel in the experience of man upon this earth. God subjected this earth to vanity, to the curse, for our sakes. Babel is man’s attempt to climb up out of that curse separate from the cross and revelation of Christ. America is the epitome of the glory of man upon this earth, man, striving to live prosperous upon the earth against the dictates of the curse. If one were to watch the History Channel show called “The Story of Us,” (deadly propaganda, designed to seal arrogance and pride in the hearts of foolish Christians), you would see that from beginning to end, all of it is man pushing against the curse upon this earth through human achievement.

But God has placed a second curse upon the earth after the curse of Adam. This second curse is spelled out for us both in the prophets, in Ezekiel, Isaiah, Jeremiah, as well as through the New Testament. The church has been deceived, however, into turning from the clear testimony of the Scriptures to the worship and adoration of the present-day Beast by the power of that great wound, the Holocaust.

Understand that, arrayed against the truth in this hour is the most powerful psychological weapon ever to be crafted by the mind of evil against truth, just as God said - the Holocaust, the wound of the Beast. All those who attempt to fight the wrong battle against the evil sitting upon this world will be destroyed by that weapon, including you and I, if we misstep on this issue.

God spoke, over and over through the prophets, that if the natural Jew rejects His covenant with Him, then God Himself will make the natural Jew a reproach and a curse throughout all the earth. This is not just the Christian gospel; this is the testimony of the Jewish prophets, repeated in the New Testament, if people will only believe what they read.

God sent His Son to the natural Jew and they not only killed Him, but they spurned to this day the covenant of grace. They reject the cross of Christ (even many who do accept Jesus as the Messiah) because the cross puts to death every element of their natural descent, every claim that they are "God's people" in themselves, and every foundation of their personal exaltation over other people. The Day of Judgment will reveal that Paul is right when he says in Romans 11 that God has made the Jew the enemy of the gospel for our sakes. They stumble over the cross.

Now, keep fully in mind that this is God's plan and that the end of the matter, always, is mercy and redemption. We do not fully understand God's reasons for doing things this way, but we take His side fully.

For the first thousand years of the church age, the majority of natural Jews on this planet lived in the city of Babylon. In that milieu, they developed their written opposition to Christ, called the *Talmud*, and they merged the religion of Babylon with Jewish mysticism to produce the Jewish Cabbala. Every symbol today that Americans imagine is a symbol of "America" comes directly out of that ancient Babylon, especially the goddess Ishtar, the goddess of "liberty," standing in New York City harbor (the largest Jewish city today, the repetition of ancient Babylon), to which the American church so willingly offers human sacrifice, imagining that by so doing, we receive her favors.

Out of the 55 men who wrote the US constitution, 50 were Cabbalists, who read from a Cabbalist "Bible" and who referred to a Cabbalist "God." I am reading again Tolsoy's *War and Peace*. In that story, one of the main characters becomes a freemason (Cabbalism for the "Christian" Gentiles.) The freemasons with whom he joins use the Bible and Biblical terminology, but, oh my, they are certainly not Christian.

At the end of the first thousand years of the Church age, God brought to pass the fulfillment of the words of Jeremiah and that largest of all Jewish cities, Babylon, ceased to exist. From then until now, its ruins have remained empty. Baghdad is not its heir, New York and Jerusalem are.

And so, in the 11th century AD, the Jews were once again scattered by God across the earth as a reproach and a curse, a testimony of the nature of those who reject the grace of God, just as the prophets said. These things were understood fully by the church until our generation - the Holocaust has swept clean all such knowledge from the minds of God's

people. Now, Christians look back at the testimony of so many saints of God concerning the role that the natural Jew plays in society and call the simple declaration of New Testament truth “the horrors of anti-Semitism.” And, like the conditioned robots that they have become, they see only that impossibly ridiculous caricature of evil, Adolf Hitler.

Son, you are surrounded by people who are completely conditioned by scientific mind control to equate you with that caricature of evil, the moment you attempt to speak the truth. There is not really anything direct that you can do for them. They will one moment worship Christ, and the next moment spread their legs for anti-Christ, and they are too controlled by evil to even notice the difference, though you are staggered by the horror of it. Their problem is one of the heart. They have pledged their hearts in allegiance to the flag of the United States of America, the stars of heaven, the ancient symbol of Baphomet, so many times, and their hearts are bound by the oath of their mouths. God commanded them not to love this world, but they refused His counsel, especially when presented with that most seductive of prostitutes, “God bless America.”

Here is the testimony of history, over and over. History gives us not a few witnesses only, but so very many. A people group living in a certain locale was prosperous and moral. No Jews lived among them. Then the Jews moved in, and within a generation or two the native people were drunk, immoral, and completely in debt to those same Jews. And the Jews ally themselves with leading Gentiles to easily shift the blame as they move on. Barack Obama is a puppet, but the men who control his government are Jewish and citizens of Israel.

Anyone who does not understand the role of the Rothschild family in the history of the past 200 years, in the formation of both America and Israel, and in the earth today, cannot understand anything about anything that happens in the news. They are sitting in complete and total darkness, mouthing nonsense about events they cannot understand. Evelyn Rothschild is the wealthiest and most powerful man on earth. Presidents, prime ministers, and kings are but puppets who do only what he, and others with him, including George Soros and Henry Kissinger, allows. Anyone who gets out of line is brought down in a heartbeat. To “pray” for “our leaders” is complete futility. They are bound by the determination of God to give their power to the Beast. No “prayer” will alter God’s determination.

Again, everyone in the society in which we live has been overwhelmingly conditioned, as God says they would be, by that great wound of the Beast, to instantly reject both these facts of history, and, especially, anyone who attempts to present these facts to them as history. The ludicrous cartoon called ‘Adolf Hitler’ is the most useful weapon in the hands of evil today. In saying this, we are speaking only of present mind control. We are saying nothing to reduce the awfulness of the hurt and cruelty imposed upon any innocent people at any time in the past. Nevertheless, we firmly reject any notion that the suffering of any innocent person who is Jewish is in any way different from any suffering of any innocent person who is Cambodian or Palestinian or anyone else.

(When I was your age, we burned to death 500,000 completely innocent Cambodian farm people and drove 2 million more into exile from their homes with nothing. These precious people had done nothing whatever against us. They were just in our way.)

The natural Jews are not the people of God. If they were, then the cross of Jesus Christ and the gospel that Paul preached are a meaningless charade. Jesus warned us to beware of the teaching of the Pharisees (known in our world as *The Talmud*). Paul commanded the church to cast out the claims of the Old Covenant and the natural Jew to the inheritance (Galatians 4). The Christians with whom we worship have disregarded both warnings to their peril.

In 1918 the Jews in Germany were around one half of one percent of the total population. As a tiny minority, they were, nevertheless, quite wealthy. Still, the majority of the property and businesses in Germany were owned and run by Germans. Then came hyper-inflation and the great depression. Meanwhile, story after story flowed into Germany from the vast plains just a couple hundred miles to the east. Russian Jews, financed and trained by New York City Jews, (communism is Jewish) had seized control of Christian Russia and were putting Russians and Ukrainians to death by the millions. And yes, the killers were Jewish, an unchangeable fact of history. Marx, Bernstein, and Kagan produced more horrific death than you or I can comprehend. Remember, God deals with the earth as it is, not as it is fantasized to be. The Jews in power in Israel, most of the “settlers” of the West Bank, and many in power in the US government today, are descended from these same communists.

Then, in the year 1933, right in the midst of 10 million Ukrainians next door being starved to death by Communists, the German people woke up to three horrifying realities. They discovered that the tiny Jewish minority among them, by an incredible sleight of hand, now owned 2/3 of all real property in Germany, including all banks and financial houses and most businesses. They read the international Jewish newspapers declaring war on the German people, claiming that the Germans were next on the list after the Russians. And finally, unknown to them, those same Jewish financiers had found a lunatic puppet of a man whom they placed over the German people for their destruction. The goal in 1933 was the total destruction of Germany, both physically and morally, and the driving of the European Jew out of Europe to the land of Israel. By 1948, fifteen years later, both goals had been achieved in the most horrifying trauma known in modern history, both goals accomplished by fire falling from heaven in the sight of men.

Understand that the Day of Judgment will reveal this reality - the majority of those Jews who did die inside the European theater of war, however many they actually were, died as a direct result of American and British bombing. The story of American and British bombing over the last hundred years, burning families in their homes, is matched only by communism as twin parts of the most horrifying story in the history of human violence upon this planet. The day will come when the shame of having been an “American” in this generation will be overwhelming.

Yet now we come to America today. Reality stares the American Christian right in the face, yet he is utterly incapable of seeing the obvious.

American Christians are deeply concerned about activist homosexuality and feminism. The powerful homosexual and feminist activists are Jewish.

Christians are concerned about the overwhelming triumph of “liberals” over conservative values of freedom and limited government. Most liberals are Jews and most Jews are liberals.

Christians are overwhelmed by the assault against Christian symbols and presence in society even though the vast majority of American’s claim to be Christian. Muslims, of course, have no problem with Christian symbols and public presence, none whatsoever. All such opposition is Jewish.

Christians are concerned about the immoral focus of Hollywood and the mass media. Both are completely owned and controlled by Jews, including Fox News.

Christians are concerned about abortion and pornography, about prayer removed from the schools - the list is endless. All of that comes from individuals who happen, also, to be Jewish.

We know that many Jews are wonderful people, individually. But visiting in the homes of Jewish Christian friends has shown us that even they push the notion that Jews are a superior people, that they are not really in any need of "salvation," and that they are "improving" America by getting rid of all the "old-fashioned" things we backward Christians would have held onto.

And Christians are just beginning to discover that the entire nation is in debt to and owned by individual people through various international banks, but they refuse to open their eyes and see that those individuals are Jews.

And so we come to America in the year 2010, and we find that never before in history has a nation ever been brought down into such gross immorality and such indebtedness directly by Jews in the way that America has been.

It is impossible to come against any of these terrible things happening to America without, by doing so, coming against individuals who are Jewish.

Man does not have the answer. If the American Christian were to understand clearly just exactly how and why this nation has lost everything it once had, they would without question resort to murder as the answer. The American Christian, no matter how much he boasts in his own righteousness, will undoubtedly surpass the German in such murder. Americans are very capable at killing people, and they have slaughtered each other in hatred more than once.

God has an entirely different answer for this unsolvable dilemma the entire world finds itself in. It is He who has subjected the age of the church to this curse. His answer is the only one that can work.

So you see, son, Israel is a mad beast, completely disconnected from reason, and God has made it to be so. He has made Israel a curse to all nations to bring all nations into judgment before Him. And yes, in the present moment, it is the Palestinian people, many of whom are descended from the Jews who did receive Jesus as the Messiah and became the Christians of the early church, who are bearing the brunt of their violence. And our hearts and our tears go out to them. Yet they are not the real target. The woman, the church of Jesus Christ across the world, is that target.

And the whole point of everything God does is not judgment, per se, but the triumph of His Son upon this earth, the proving of the Word God speaks.

And that Word is mercy beyond all human reason.

The final showdown of the ages, the point of battle in the realms of the earth, is shown to us in Revelation 11. That false Jewish claim to the inheritance (the beast that comes out of the pit) will be confronted and exposed by the second witness, the testimony of Jesus Christ, in the streets of that wicked city that God calls Sodom, but that men call Jerusalem.

The church of Jesus Christ, the precious believers whom we love, will not understand the truth. And they will come against those who speak the truth as if they are the "evil ones." Yet we continue to speak the truth at the right time and in the right way for their sakes, even if they kill us for it.

We do not fight foolishly. We are not beating the air or flailing around without understanding. We are seized in the grip of the determination of God. He fulfills His purpose through us.

And here is the incredible answer that only God can bring.

In the moment of greatest darkness and violence and evil. In the moment when all hope is gone and hatred and murder sits as vomit upon the earth. In the moment when all human effort to “fix” this thing called earth is forever ruined. In the moment when the all mankind understands the role played by the natural Jew, whom God Himself has made to be a curse within the age of the Church, in producing their misery.

In that moment, God, through us, will extend **mercy**, overwhelming, enveloping, and redeeming mercy to those who deserve it the least. To the psychopaths, to the murderers, to the destroyers of the earth - **MERCY!**

“You shall not see Me again, until you say, ‘Blessed is he who comes in the name of the Lord.’”

Such mercy is beyond all reason, all human understanding. We cannot explain it.

But Paul tells us, so clearly in Romans 11, that this mercy, given so freely by us to those who, in this age are the enemies of the gospel, those who have killed the prophets and the martyrs of Jesus all down through the centuries and brought such suffering and offense upon so many, will be life from the dead.

It is to this point and to this purpose that all events are happening right now upon this earth.

But son, the battle in the heavens comes first. As you and I cast down all accusation out of our heavens until there is no opposition in the “air” in which we walk to all the Word God speaks, we are winning that battle.

Just look at my experience at church last Sunday. In spite of the great offense happening all around me, a vast congregation of people turning from worshipping Christ to prostituting with the Beast, there was not one iota of the accuser in my heavens. I could switch from praising God to covering my children with the blood back to hearing God speak to me through the ministry of the word, all without any sense of accusation or any hint of being moved out of the grace of God in mind or heart or soul.

Wow! I have never known such a place of victory before.

And we must keep always in mind, son, that you and I are in a sense causing these terrible events in the news. As we cast down the accuser out of our heavens, he has no place else to go except to show up in the earth. Our walking in all the grace of God is causing mighty battlements of darkness to come crashing into ruin.

But the Beast becomes most dangerous in that short time between being exposed and being destroyed.

To be angry is easy.

But to be angry at the right time and in the right place - that is the grace and power of God.
